

[New] Peer-to-Peer Participant Registration Guide

This guide will walk you through the registration process for a peer-to-peer event powered by Qgiv.

First, click one of the **Register** links on the event site. The Register link may appear as a button on the site's main page, as a link in the site navigation, in the site's footer, or all three!

To start, you'll need to select how you'll be participating in the event.

Depending on how the organization has configured registration, you may first be asked to select a **Classification**. For this example, the classification is a location: Lakeland or Tampa. Make your selection, and then click **Next**.

Next, you'll likely be asked **how you want to participate**. If the organization has only configured one option, you'll skip this screen.

The screenshot shows a registration page titled "Register for Run for the Cause". At the top, there is a breadcrumb trail: "Location > Details > Finish Up". Below this, it says "Participant #1". The main heading is "How do you want to participate?". There are two options listed in a list-like format:

- 5K Fun Run** - \$15
Run or walk 5K (3.1 miles) whenever and wherever is convenient for you!
- Half-Marathon** - \$25
Join us for a 13.1-mile run through a beautiful country course!

At the bottom of the page, it says "Powered By Qgiv", "Transaction is secure and encrypted.", and a "digicert EV SSL SECURE" logo.

After that, if teams are enabled for the event, decide if you'll be participating **As an Individual** or if you want to **Join or Create a Team**.

The screenshot shows the same registration page as above, but with the "5K Fun Run" option selected and highlighted with a blue border. Below the participation options, there are two selection boxes:

- As an Individual** - Work on your own to reach your personal fundraising goal.
- Join or Create a Team >** - Work as a group to reach your personal + collective fundraising goals.

The bottom of the page features the same footer as the previous screenshot: "Powered By Qgiv", "Transaction is secure and encrypted.", and a "digicert EV SSL SECURE" logo.

Please note: If the organization has not configured classifications or multiple participation options, the Individual or Team selection will be the first step of the registration process. If there are no classifications, only one participation option, and no teams for the event, you'll skip straight to the Details page when you begin registration.

If you select **Join or Create a Team**, you'll see a pop-up asking you to **Join** an existing team or **Start A New Team**.

If you **Start A New Team**, you'll choose the team's name and decide the team's fundraising goal. You'll also be designated as the team captain, which means you can edit the team's fundraising page.

Start A New Team

You'll be team captain.

What do you want to name your team?

How much does your team want to raise?

Money raised by each team member will count toward the collective team goal, plus their own personal goal.
